

Grade 1

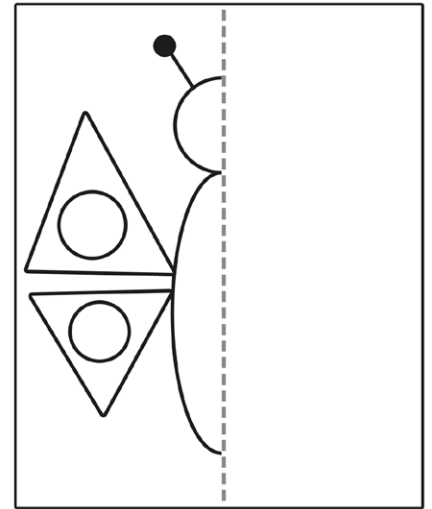

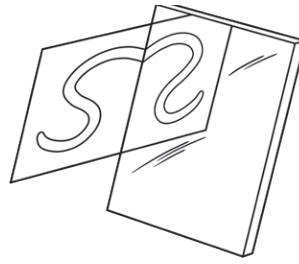

SYMMETRY WORKBOOK

Term 3

Name: _____

Activity 1

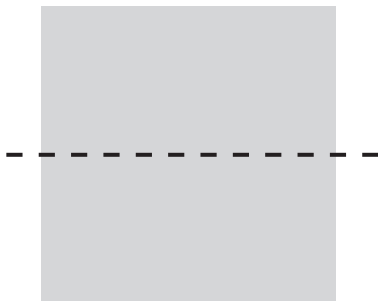

Symmetry Workbook

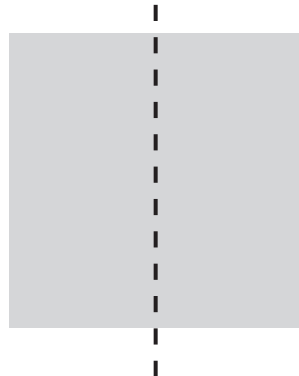

Lines of symmetry divide an object into two equal parts that are mirror images of each other.

Lines of symmetry can go in any direction.

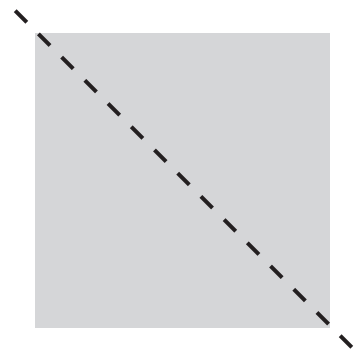

horizontal symmetry

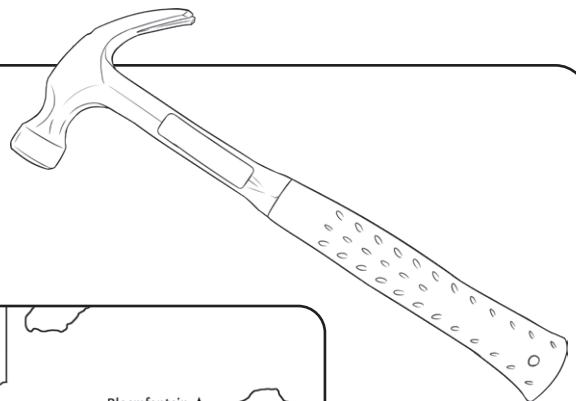

vertical symmetry

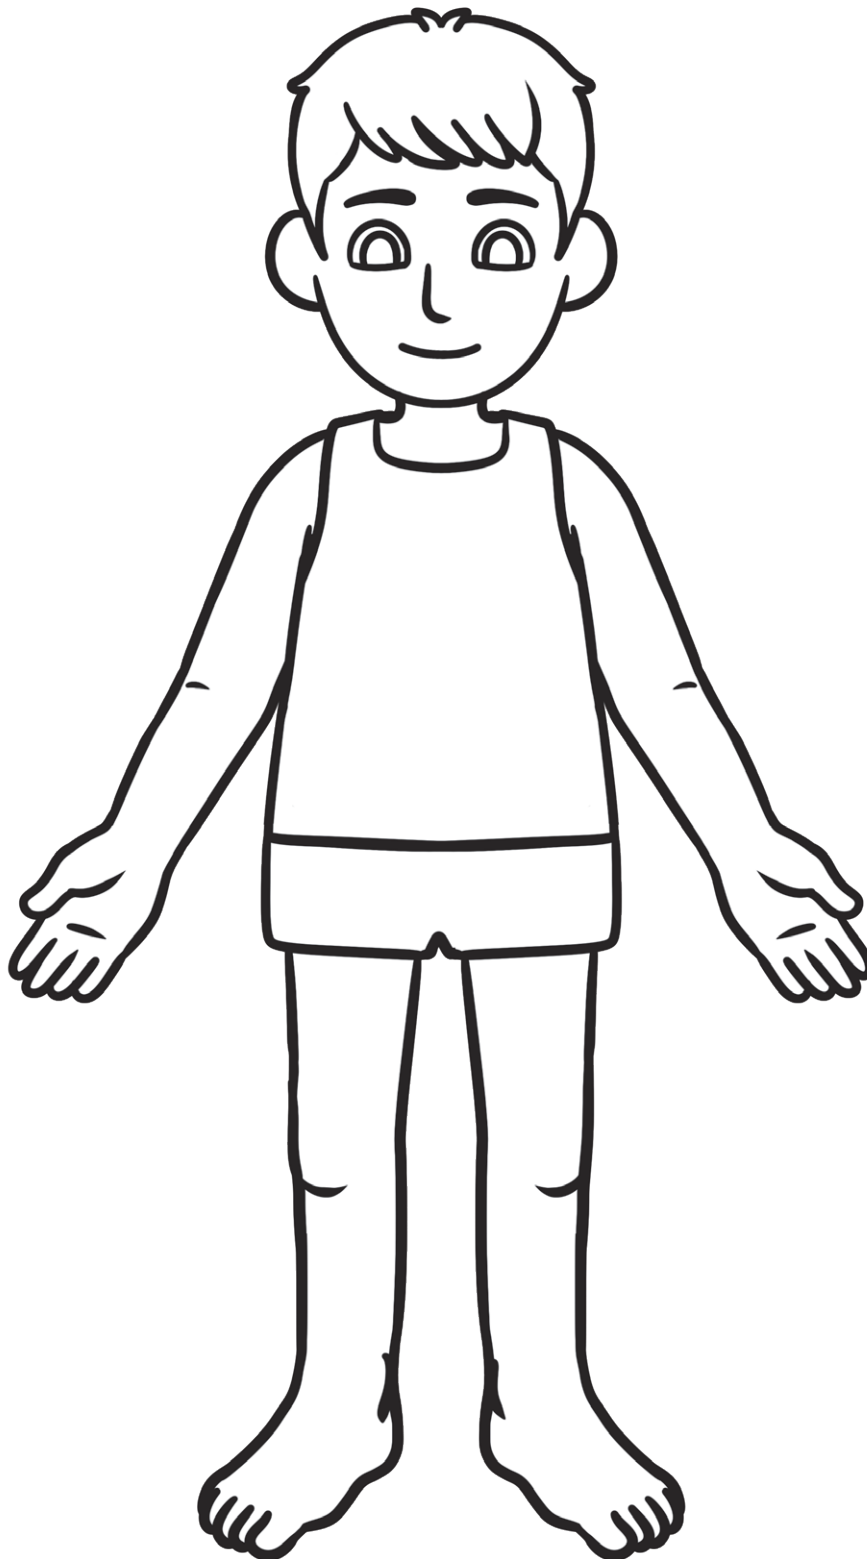

diagonal symmetry

Not all objects are symmetrical.

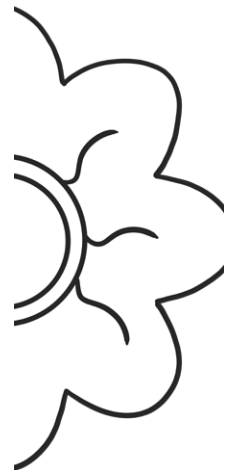

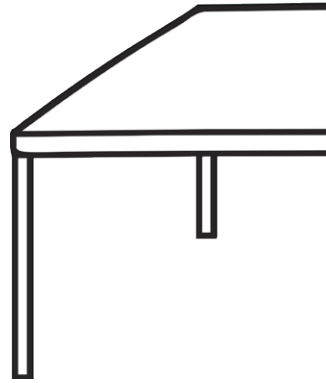

Do you think your body is symmetrical or asymmetrical?
Draw lines of symmetry on the body.

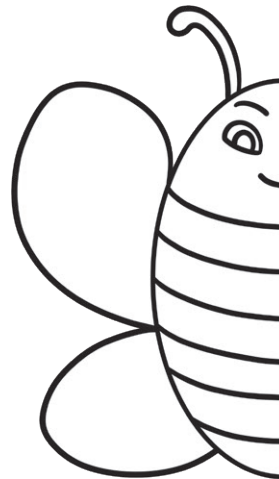

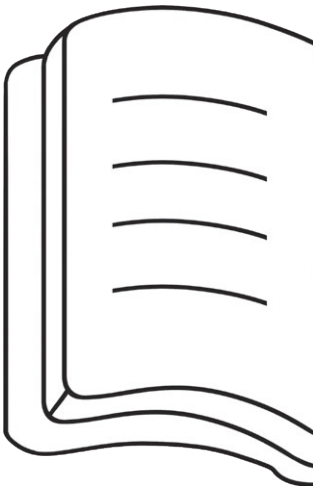

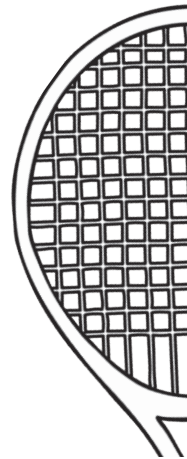

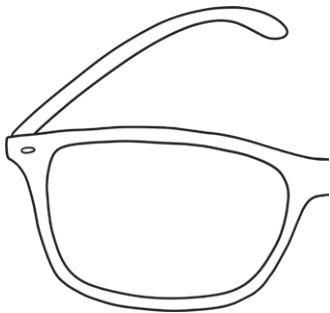

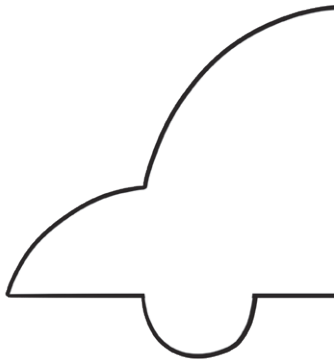

Activity 2

Draw lines of symmetry on the following pictures.
Draw the pictures in the blocks.

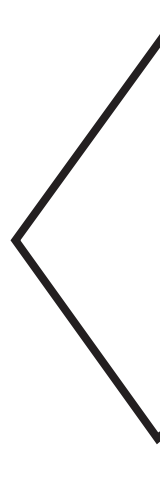

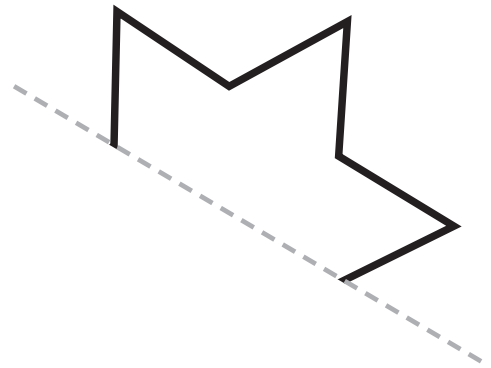

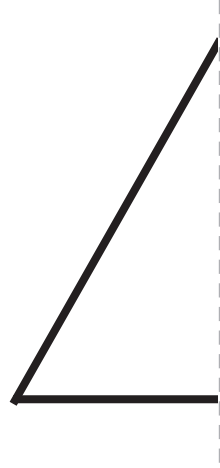

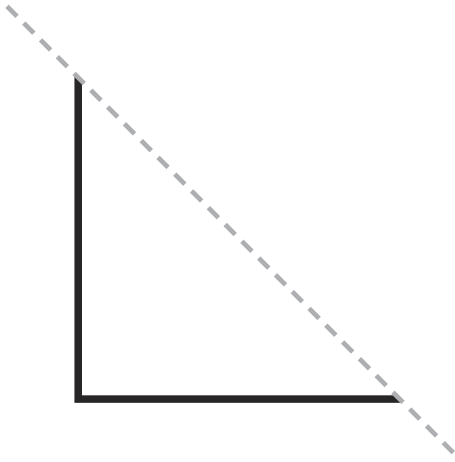

Draw lines of symmetry on the following pictures.
Draw the pictures in the blocks.

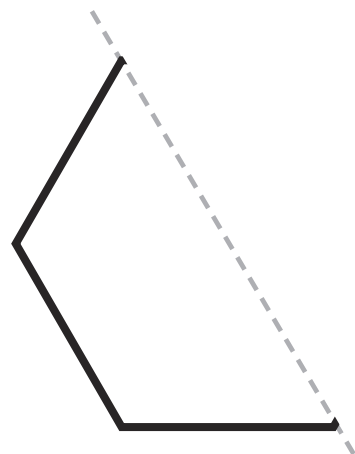

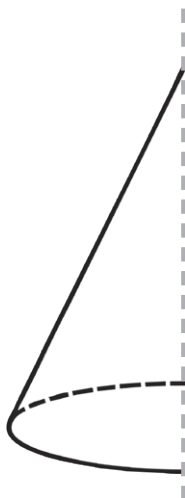

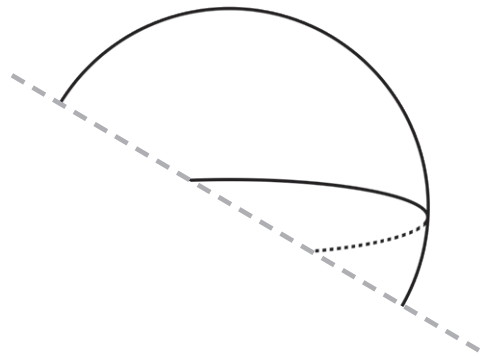

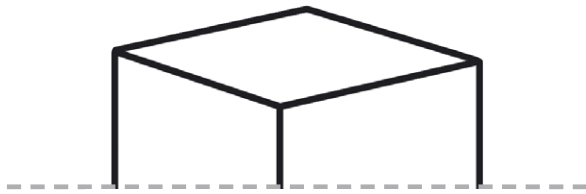

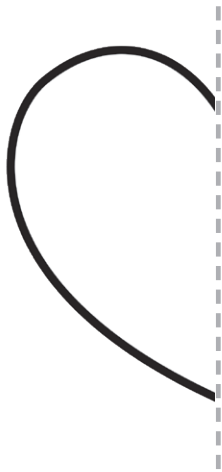

Activity 3

Draw the other half of the following symmetrical shapes.

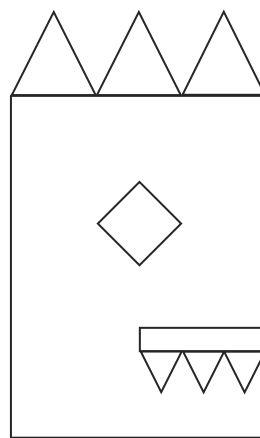

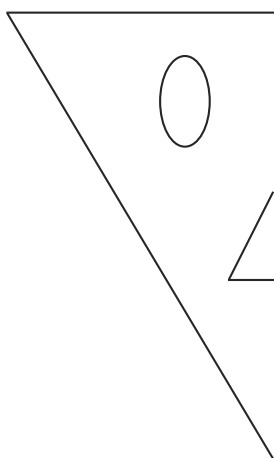

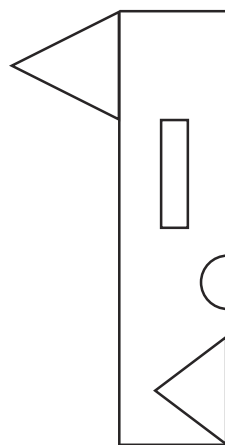

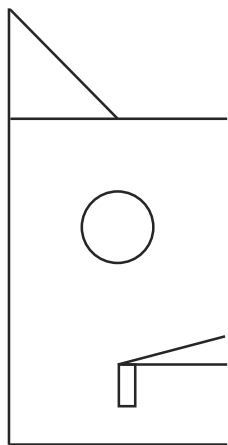

Draw the other half of the following symmetrical shapes.

Activity 4

Monster Finish the Picture

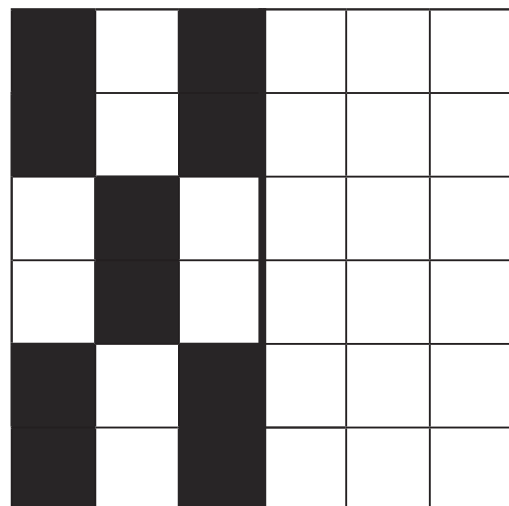

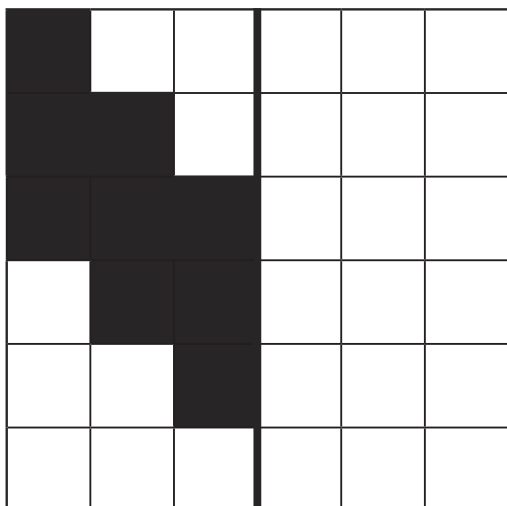

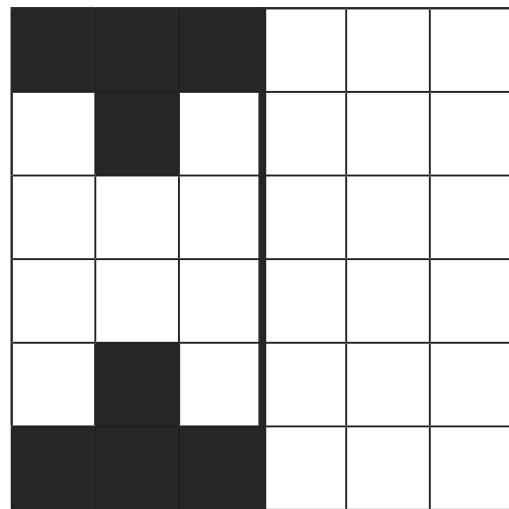

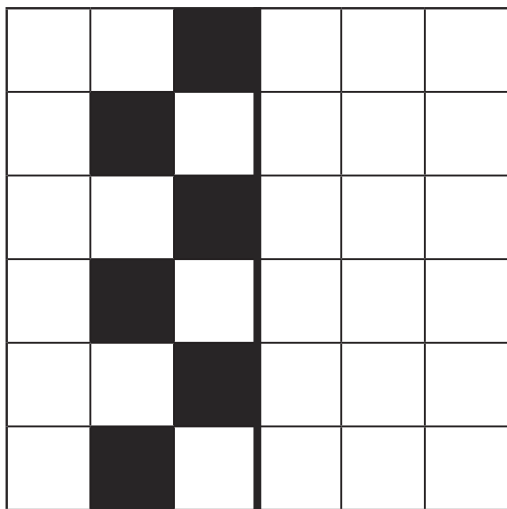

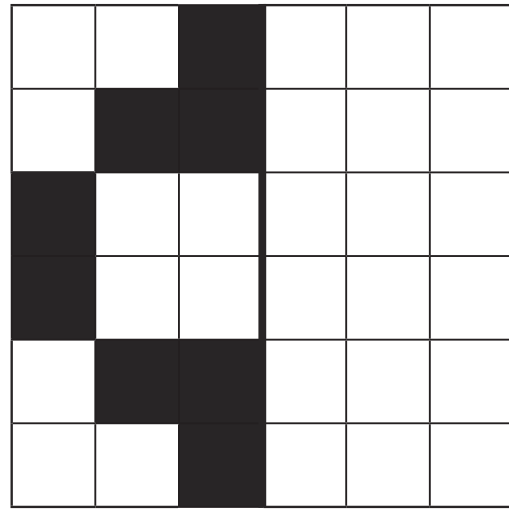

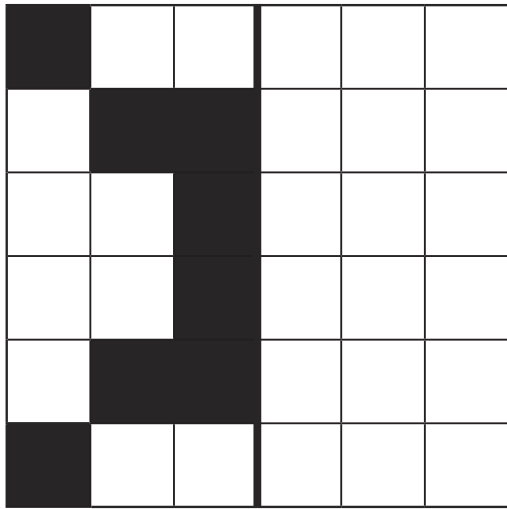

Complete the monsters by drawing the same lines and shapes on the other side of the middle line. Use the squares to help you see where to draw the lines.

Activity 5

Complete the Picture

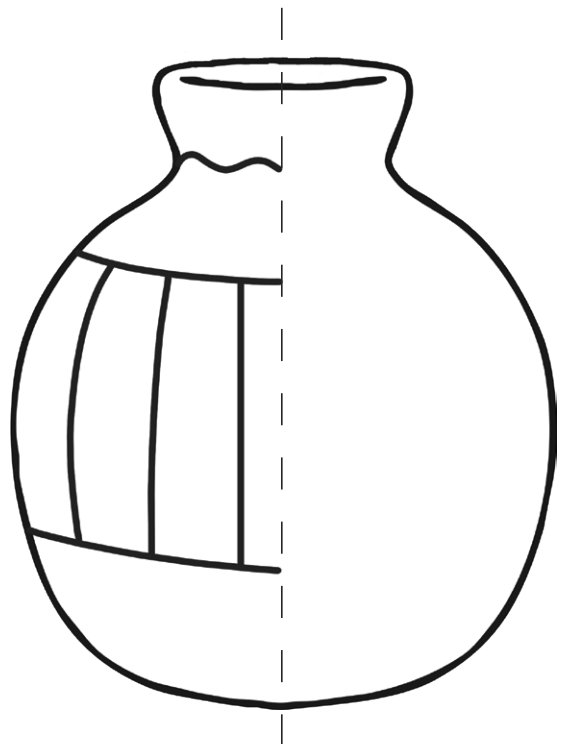

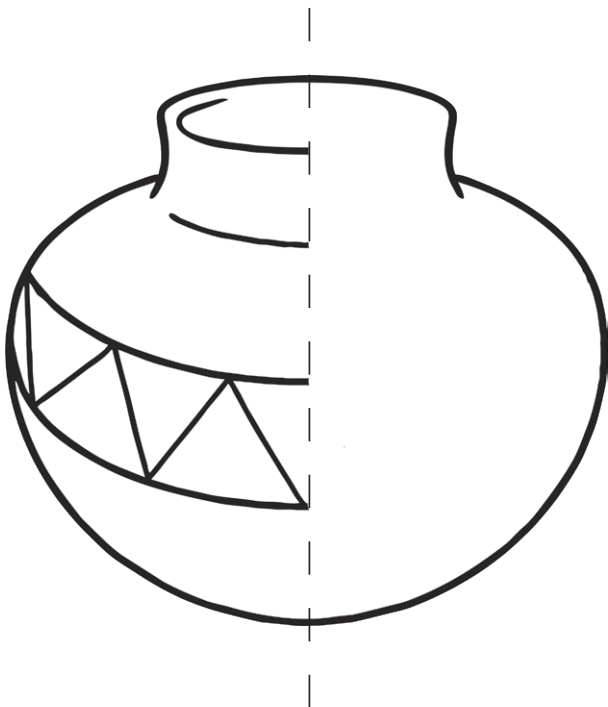

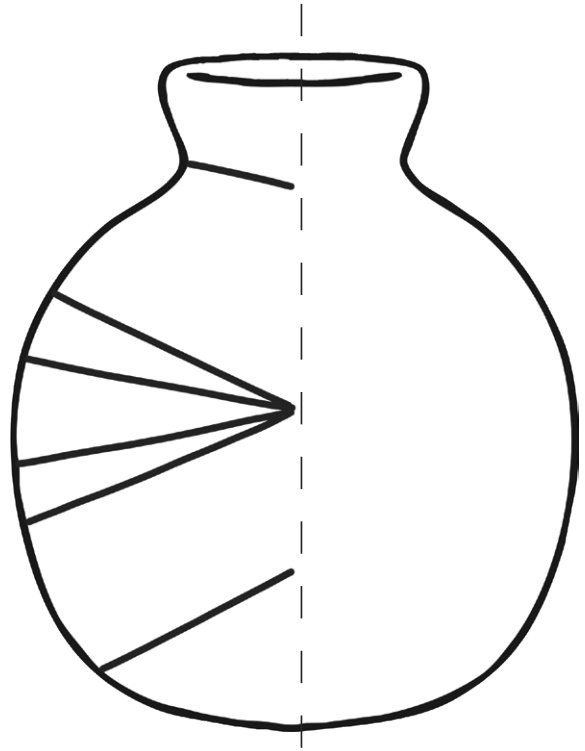

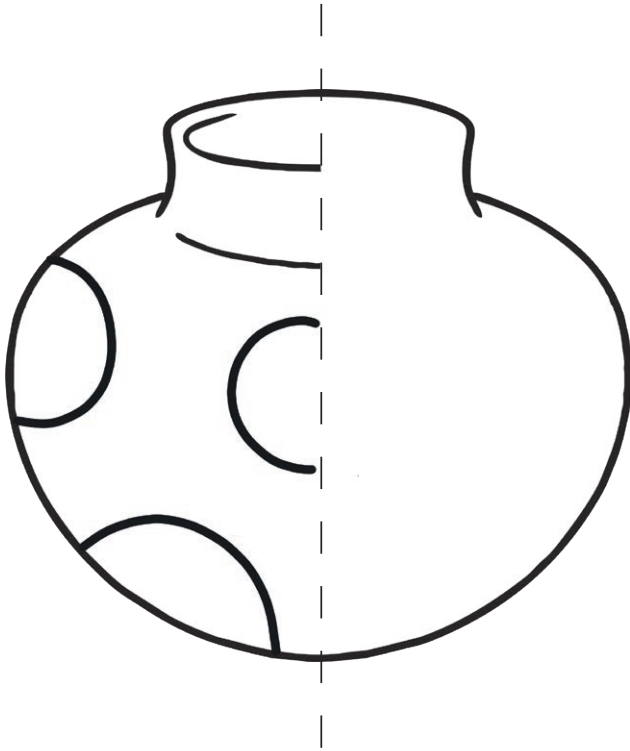

Complete each picture by colouring the squares on the right side of the line to match what is on the left side.

Activity 6

Pottery Symmetry

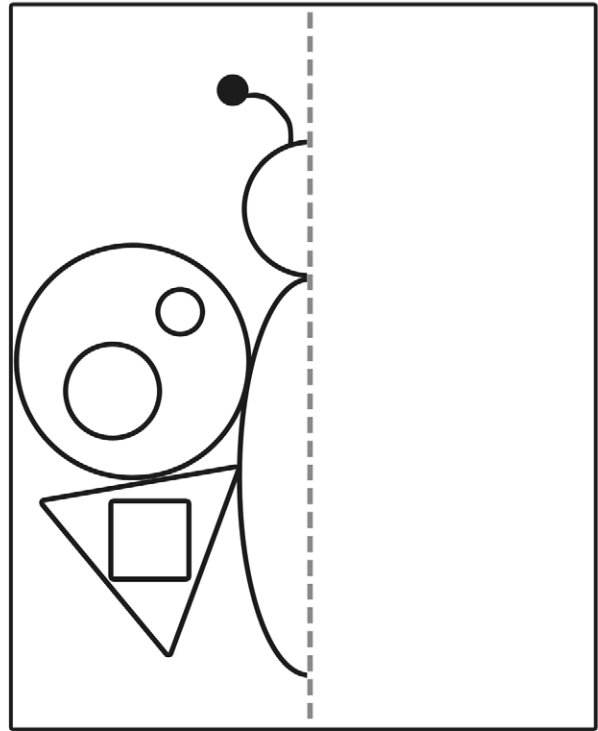

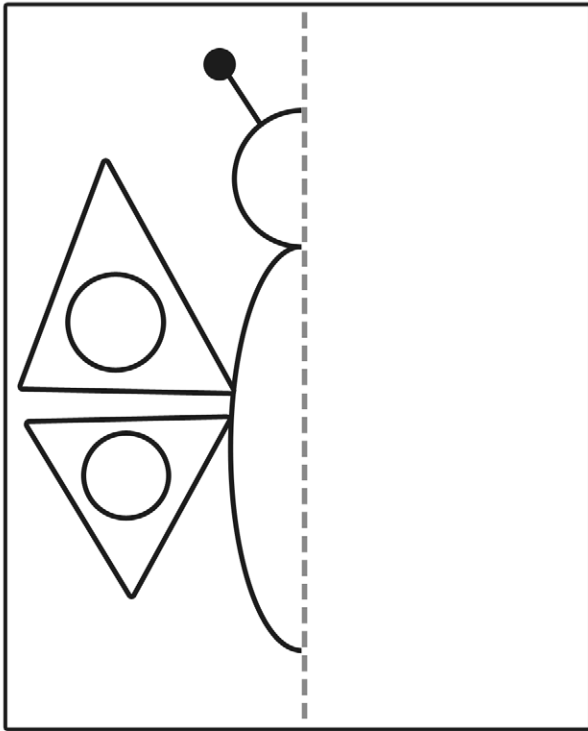

Copy the pattern on the blank side of the pots and colour them in so that they are all symmetrical.

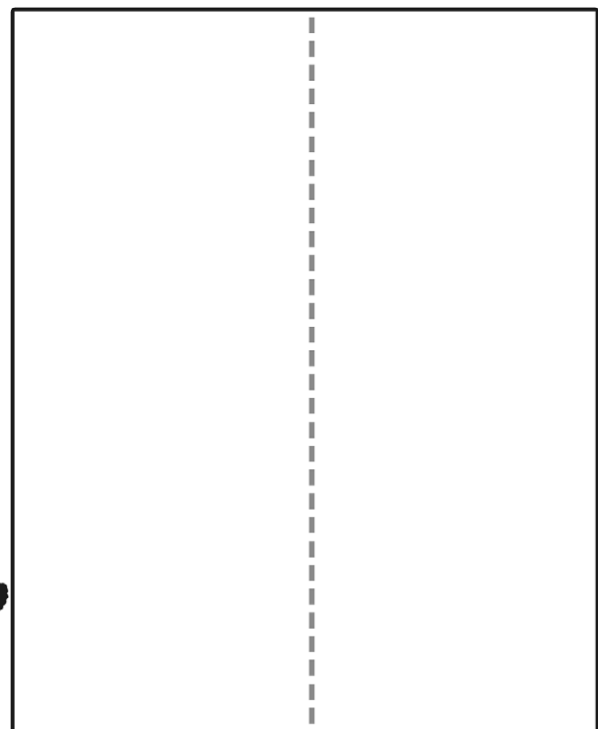

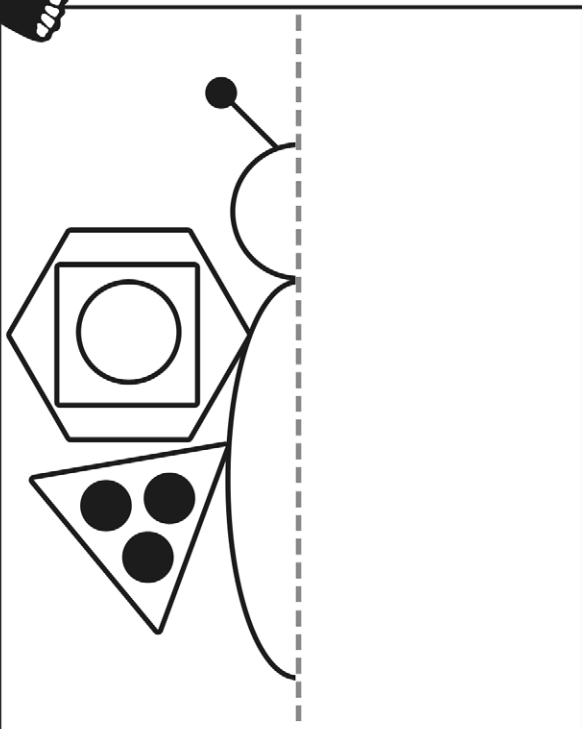

Activity 7

Symmetrical Butterflies

Complete the butterflies below.

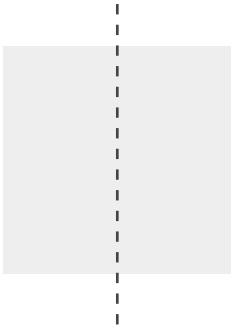

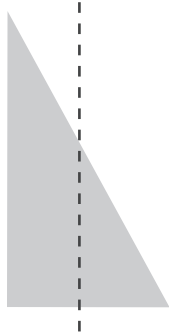

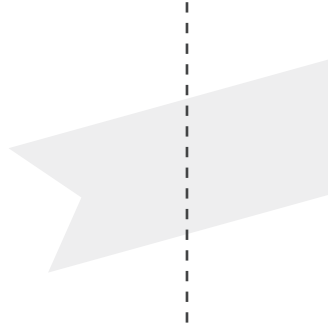

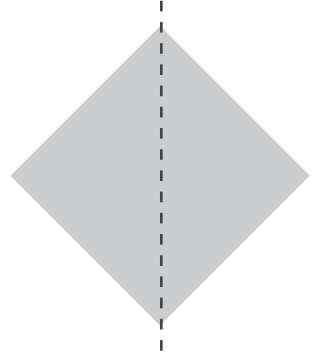

Now draw your own symmetrical butterfly!

Activity 8

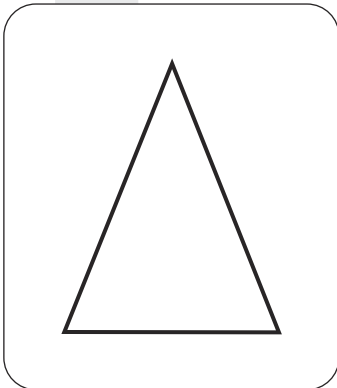

2D Shapes Symmetry

1) Tick the shapes that have a vertical line of symmetry.

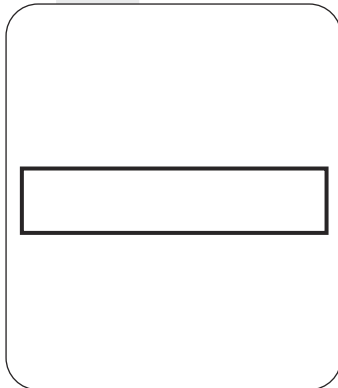

☐☐☐☐

2) Draw a vertical line of symmetry on each of these shapes. Remember to use a ruler.

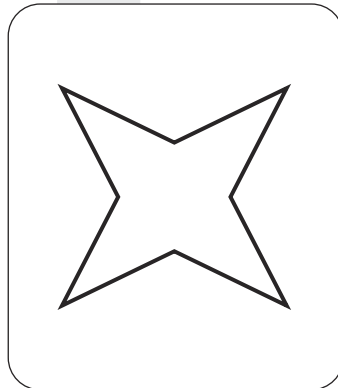

a)

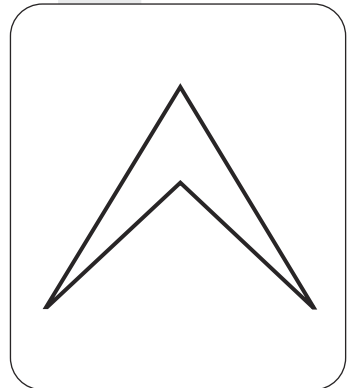

b)

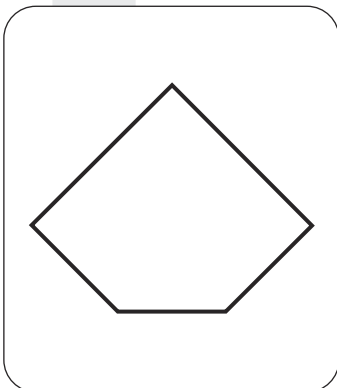

c)

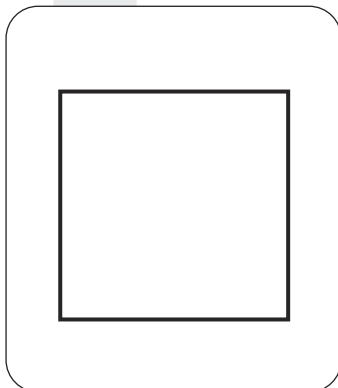

d)

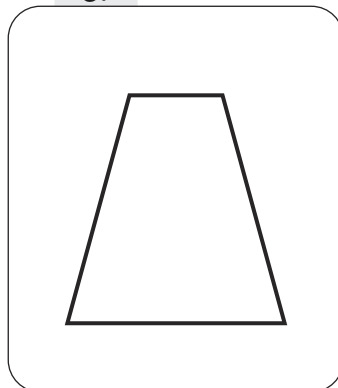

e)

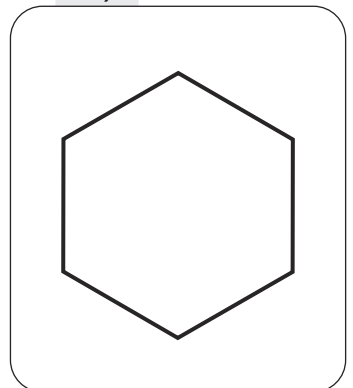

f)

g)

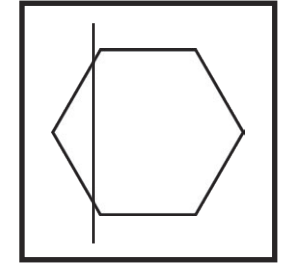

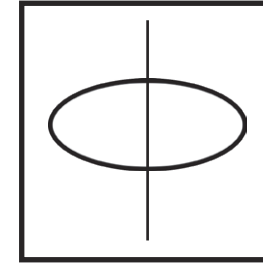

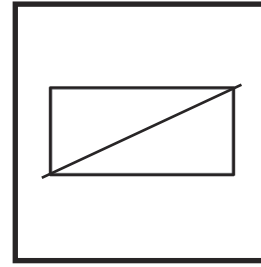

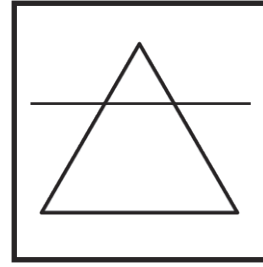

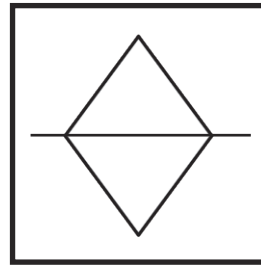

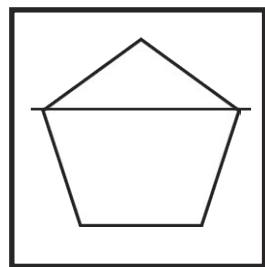

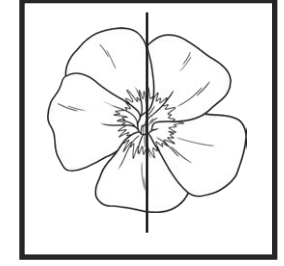

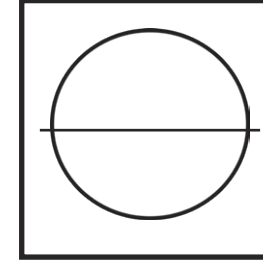

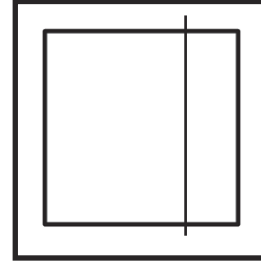

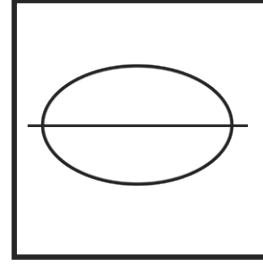

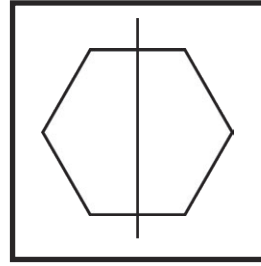

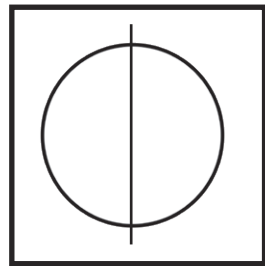

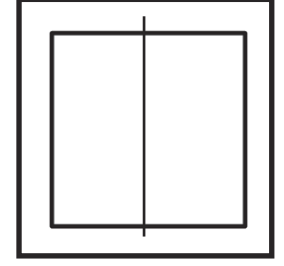

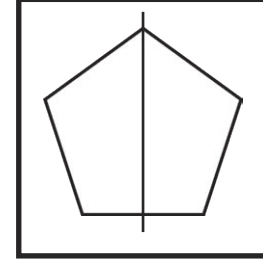

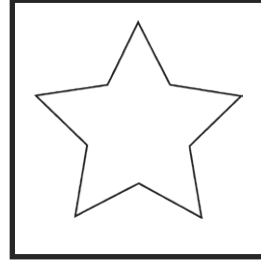

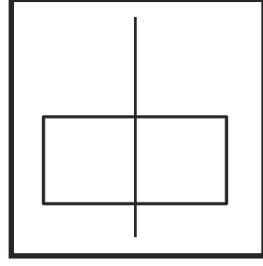

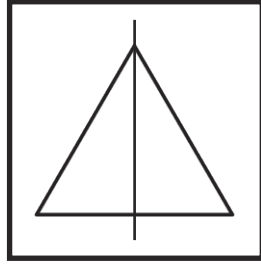

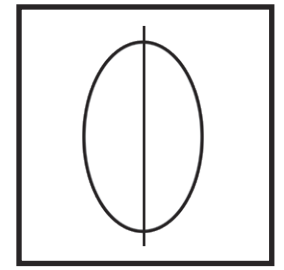

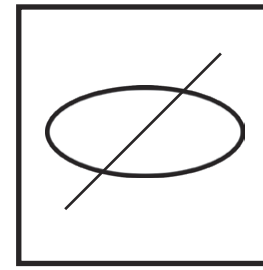

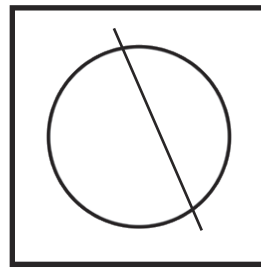

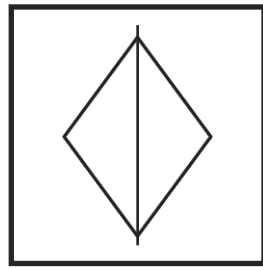

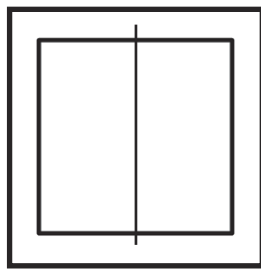

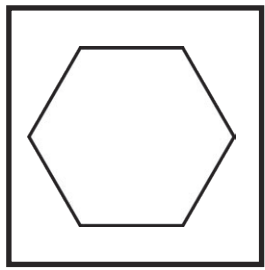

h)

Vertical Lines of Symmetry Sorting

Cut out the shapes on the next page and sort them onto the table in the correct place.

Vertical Line of Symmetry	Not a Vertical Line of Symmetry

Disclaimer: To ensure the safety of the learners in your setting, it is your responsibility to assess whether adult supervision or other appropriate safety measures are required when using scissors.

Butterfly Patterns

Complete the other half of the butterfly. Can you make both wings match?
